REPORT

Our women's cell committee conducted the programme under the topic of Love Nature and Livelong. The programme started with a prayer song at 11 a.m. All the faculty members were participants. Then Mrs. M. Vijayalakshmi, Department of Mathematics, heartily welcomed all in her address. Next, Our secretary, Amba, gave her blessings. She honoured our chief guest by giving her momentum.

At last, the session was handed over to our guest. She starts with her experience and then continues with the connection between human body and nature. She guided us to change our lifestyle to be closer with nature. The session is very interactive and useful. At last, some faculties discussed their personal issues with the doctor.
